WHY DO YOU NEED PROFESSIONAL INDEMNITY INSURANCE

Professional Indemnity insurance provides cover for claims for alleged professional negligence. Cover includes:

- Costs incurred to investigate a claim.
- Legal Costs incurred to defend the insured.
- Costs to dispose of a claim for which either a settlement has been reached or for which you have been found liable by the courts.

Professionals hold themselves out as having special skills upon which others may rely. If someone alleges that they have sustained a loss, injury or damage arising from a failure by a professional to properly discharge their duty, the professional must defend themselves and, in the event of an unsuccessful defence, have the wherewithal to financially compensate the loss. Professional Indemnity Insurance provides the means of that defence and compensation.

Key features of the Australian Livestock & Property Agents Association Limited professional indemnity insurance scheme includes:

- A comprehensive policy wording backed by quality insurers such as Lloyds of London and Vero Insurance Limited
- Automatic reinstatement of the policy limit
- Automatic fidelity sub limit of \$50,000
- Low excess structure

- Bodily injury / property damage cover to full policy limit
- Continuous cover provision
- Managed by the customer focused Coverforce Professional Risks team
